

ROARR

● Roarr 210 & Roarr 108

In circulation over ten years, these are Sonodyne stalwarts.

These two models adorn hundreds of homes and are used with Sonus and Genie loudspeakers in both music and multichannel audio applications. The 8" and 10" high excursion transducers and the Sonodyne power amplifiers are proven work horses that deliver both low frequency extension and loudness. Hassle free and easy to install, a Roarr will add power and depth to your sound setup!
