REFERENCE SERIES

SRA 2200 & 2100 ●

# SRA 2000 SERIES

● SRA 2200 white

In premium spaces, for loud, detailed performance, the SRA 2100 and 2200 are ideal.

Compact and elegantly seated on colour matched adjustable stands, these SRAs are our best bookshelf speakers for superb detailing and clarity for music and movie reproduction.

These active speakers deliver a frequency range and clarity that defy their compact size. Both models feature trademark kevlar woofer and silk dome tweeter. The enclosures are double MDF with aluminum bracing for rigidity and provide a classic hi-fi look.

DSP balanced bi-amplifiers power each transducer individually. Detailed user equalization is available on both models
