SRA 3000 SERIES

Large spaces need powerful yet detailed audio. To deliver room filling music, choose the compact 3010 or the regal 3020.

● SRA 3010

The SRA 3020 is as stunning aesthetically as it is sonically. The unique aluminum - wood enclosure provides not only rigidity but also a striking presence. The mid, high frequency waveguide provides exceptional realism.

Elegantly perched on the colour matched adjustable stand, the compact 3010 is music to both ear and eye. Matched pairs are available for L, R channels.

Both models feature trademark kevlar woofer, kevlar midrange and silk dome tweeter in a custom waveguide. Each of these transducers is individually powered by its own amplifier. Internal processing is via DSP (Digital Signal Processing), which also allows for detailed user equalization.

	SRA 3020	SRA 3010
ENCLOSURE	Heavily braced double MDF with aluminum side panels	Heavily braced double MDF with aluminum side panels
TRANSDUCER COMPLEMENTS	1 x 10" Kevlar woofer, 1 x 4" Kevlar mid range 1 x 1" silk dome tweeter	1 x 8" Kevlar woofer, 1 x 4" Kevlar mid range 1 x 1" silk dome tweeter
AMPLIFIER POWER	LF: 250 W, MF: 100 W, HF: 100 W	LF: 150 W, MF: 75 W, HF: 75 W
MAXIMUM SPL @ 1M	120 dB	116 dB
FREQUENCY RESPONSE (± 2 dB)	30 Hz ~ 22 kHz	40 Hz ~ 22 kHz
COLOUR	Black with red/ silver panels	Black with red/ silver panels
